**Eric Holcomb, Executive Director
Commission For Historical And Architectural Preservation Division
Baltimore City Department of Planning
8th Floor, 417 E Fayette St
Baltimore MD 21202-3416**

Dear Mr. Holcomb,

The Historic Marble Hill Community is ready to begin the process that will result in the expansion of the Marble Hill Historic District. We agree with the Commissioners that this section of Baltimore City is rich with architectural significance, cultural significance, political significance and is a significant part of Civil Rights History that is not limited to Baltimore, but that impacted this Nation.

We are ready to begin the process and we are anxious to meet with you, to walk through the community with you and to work with you.

Please tell me the proper protocol to follow, guide me through the hierarchy. Who should receive original letters and who should be copied on those letters, etc.

I appreciate your advice and guidance.

I am also overjoyed about the Commission's decision regarding 1232 Druid Hill Avenue. Please convey our appreciation to your staff.

Respectfully yours,

**Dr. Steva A. Komeh, President
The Historic Marble Hill Community Association**
